Hi Lorraine!

On behalf of the San Diego Food Bank, we want to express our gratitude through you to the Serving & Sharing team. We know it was not easy to take over the Heartland distribution, but we managed! Thank you very much for your support, tenacity, good humor, and friendliness. You guys are the best!

Thanks to your effort families in the El Cajon area have had access to additional food resources, and we're hoping that in the near future the new team at Heartland Church (now Soul Church) will be ready to take over and continue distributing EFAP commodities for years to come.

We appreciate you very much and wouldn't have been able to do this without your help and support!

Take care,

Marlene Erdman
